| B. NAICS Codes, Titles, and Descriptions | B-1 |
| C. Methodology | C-1 |
| D. Geographic Notes | -- |
| E. Metropolitan and Micropolitan Statistical Areas | -- |
| F. Detailed NAICS and Bridge Code Titles: 2002 | F-1 |

-- Not applicable for this report.

Table 1. Industry Statistics on 2002 NAICS Basis Distributed Among 1997 NAICS-Based Industries for the United States: 2002

[Thousand dollars unless otherwise noted. Detail may not add to total because of rounding. Data based on the 2002 Economic Census. For information on confidentiality protection, sampling error, and nonsampling error, see note at end of table. For meaning of abbreviations and symbols, see introductory text. For explanation of terms, see Appendix A. For detailed title descriptions, see Appendix F]

| 2002 NAICS code | 1997 bridge code | Industry or bridge | Number of establishments | Total number of employees | Total payroll | Value of construction work ¹ | Net value of construction work | Value added | Cost of materials, components, supplies, and fuels | Capital expenditures, other than land |
|-----------------|------------------|---|--------------------------|---------------------------|---------------|---|--------------------------------|-------------|--|---------------------------------------|
| | | | A | B | C | D | E | F | G | H |
| 236118 | | Residential remodelers | 46 627 | 220 026 | 6 598 236 | 29 973 745 | 21 084 702 | 12 804 587 | 8 481 648 | 380 413 |
| | 23321000 | Single family housing construction (pt) | 44 031 | 198 951 | 5 902 434 | 26 297 446 | 18 949 452 | 11 472 291 | 7 657 316 | 349 428 |
| | 23322000 | Multifamily housing construction (pt) | 2 596 | 21 075 | 695 801 | 3 676 299 | 2 135 251 | 1 332 296 | 824 332 | 30 986 |

¹For the 2002 Economic Census, the definition of value of construction work has been modified from the 1997 Economic Census definition. See Appendix A for the modified definition.

Note: The data in this table are based on the 2002 Economic Census. To maintain confidentiality, the Census Bureau suppresses data to protect the identity of any business or individual. The census results in this table contain sampling errors and nonsampling errors. Data users who create their own estimates using data from American FactFinder tables should cite the Census Bureau as the source of the original data only. For explanation of terms, see Appendix A. For full technical documentation, see Appendix C.

Table 2. Employment Statistics for Establishments by State: 2002

[Detail may not add to total because of rounding. Data based on the 2002 Economic Census. For information on confidentiality protection, sampling error, nonsampling error, and geographical definitions, see note at end of table. For information on geographic areas followed by *, see Appendix D. For meaning of abbreviations and symbols, see introductory text. For explanation of terms, see Appendix A.]

| Location of establishment | Number of establishments | Number of employees | | Number of construction workers | | | | Payroll (thousand dollars) | | Relative standard error of estimate (percent) for column— |
|---------------------------------------|--------------------------|---------------------|----------------------|--------------------------------|---------------|-------------------|---------------------|----------------------------|----------------------|---|
| | | Total | Construction workers | January to March | April to June | July to September | October to December | Total | Construction workers | |

¹Construction receipts were obtained from census respondent forms. For establishments whose respondent forms were not received at the time data were tabulated, these data were calculated using industry averages and imputation for nonresponse. The following symbols are shown where estimated imputation-based data on construction receipts account for 10 percent or more of the figures shown: 1—10 to 19 percent; 2—20 to 29 percent; 3—30 to 39 percent; 4—40 to 49 percent; 5—50 to 59 percent; 6—60 to 69 percent; 7—70 to 79 percent; 8—80 to 89 percent; 9—90 percent or more.

²For the 2002 Economic Census, the definition of value of construction work has been modified from the 1997 Economic Census definition. See Appendix A for the modified definition.

Note: The data in this table are based on the 2002 Economic Census. To maintain confidentiality, the Census Bureau suppresses data to protect the identity of any business or individual. The census results in this table contain sampling errors and nonsampling errors. Data users who create their own estimates using data from American FactFinder tables should cite the Census Bureau as the source of the original data only. For explanation of terms, see Appendix A. For full technical documentation, see Appendix C. For geographical definitions, see Appendix D.

Table 4. Detailed Statistics for Establishments: 2002

[Detail may not add to total because of rounding. Data based on the 2002 Economic Census. For information on confidentiality protection, sampling error, and nonsampling error, see note at end of table. For meaning of abbreviations and symbols, see introductory text. Note: The data in this table are based on the 2002 Economic Census. To maintain confidentiality, the Census Bureau suppresses data to protect the identity of any business or individual. The census results in this table contain sampling errors and nonsampling errors. Data users who create their own estimates using data from American FactFinder tables should cite the Census Bureau as the source of the original data only. For explanation of terms, see Appendix A. For full technical documentation, see Appendix C.

Table 9. Value of Business Done for Establishments by Kind-of-Business Activity: 2002

[Thousand dollars unless otherwise noted. Detail may not add to total because of rounding. Based on their primary business activity or combination of activities, establishments were classified into this specific industry. These establishments, however, may also be engaged in other kinds of business activities. Data based on the 2002 Economic Census. For information on confidentiality protection, sampling error, and nonsampling error, see note at end of table. For meaning of abbreviations and symbols, see introductory text. For explanation of terms, see Appendix A]

| Primary and other kind of business activities | Value of business done ¹ | Relative standard error of estimate (percent) |
|---|-------------------------------------|---|
| 236118, Residential remodelers | | |
| Total | 30 175 278 | 2 |
| Building construction, total | 28 802 579 | 2 |
| Building construction on land owned by you, for sale | 188 394 | 14 |
| Building construction on land owned by others | 1 605 798 | 4 |
| Remodeling contractor | 27 008 387 | 2 |
| Special trade contractors, total | 746 408 | 7 |
| Finish carpentry contractor | 486 981 | 10 |
| Framing contractor, except steel | 259 427 | 6 |
| All other construction activities | 427 356 | 5 |
| Other business activities secondary to construction activities, total | D | S |
| All other business activities secondary to construction activities | D | S |
| Kind of business activity, nsk | D | S |

¹For the 2002 Economic Census, the definition of value of business done has been modified from the 1997 Economic Census definition. See Appendix A for the modified definition.

Note: The data in this table are based on the 2002 Economic Census. To maintain confidentiality, the Census Bureau suppresses data to protect the identity of any business or individual. The census results in this table contain sampling errors and nonsampling errors. Table 10. Selected Statistics for Establishments by Specialization in Kind-of-Business Activity: 2002

[Thousand dollars unless otherwise noted. Detail may not add to total because of rounding. This table presents selected statistics for establishments according to degree of specialization by major activity of construction work. If number of establishments or value of construction work for a given type of specialization are relatively insignificant, data may not be shown. In addition, data are not shown in this table where distribution of the value of business done by kind of business activity was not provided in Table 9. Data based on the 2002 Economic Census. For information on confidentiality protection, sampling error, and nonsampling error, see note at end of table. For meaning of abbreviations and symbols, see introductory text. For explanation of terms, see Appendix A.]
